

## The Universal Translator is finally real.

We need your support and network to launch this Dutch innovation globally!

Travis the Translator is the world's first smart pocket translator powered by artificial intelligence. It breaks the barriers between language and allows travelers and international professionals to communicate effortlessly anyone, anywhere. Finally, with Travis, you can truly go global and speak local.

### 80+ Languages

Supports voice translation in more than 80 languages

### Artificial Intelligence

Travis learns: the more you use it, the better it gets

### Processing Power

Instant results with strong Quad Core processor

### Online & Offline

Always ready, both online (4G & WiFi) and offline.

### 12 hour battery

Travis works up to 12 hours without charging

### Instant Translation

Just one touch: no fumbling, no distractions

### Crystal Clear

Patent pending Voice DSP, mic/speaker dynamic boost

### Earphone compatible

Works with (bluetooth) earphones for privacy

**Go Global,  
Speak Local!**

**7,5 bln**

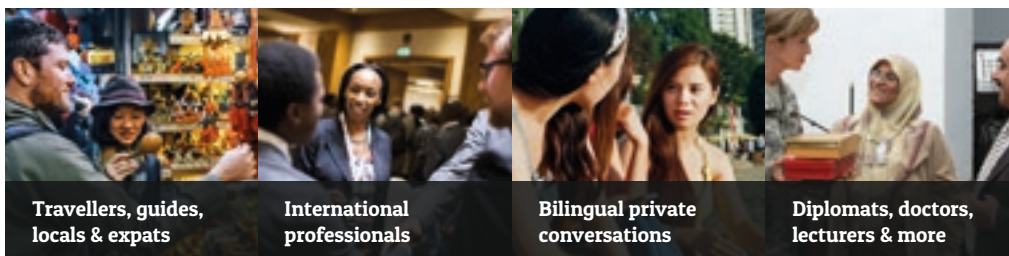

Humans. Of which 50% use one of 23 languages and 17% speaks more than 2 different languages.
